# BACKGROUND

**SRI PANWA** is one of the top properties in Thailand, perched high atop Cape Panwa and commanding breathtaking views of the southeastern tip of Phuket. Occupying the Cape Panwa peninsula in its entirety, Sri panwa is an oasis of calm and luxury set in one of the finest locations on Phuket.

The 65 villas sit 40-60 meters above sea level along the eastern and western ridges at the very tip of the cape, with direct views of the surrounding islands and the Andaman Sea. The villas offer panoramic ocean views, with some offering uninterrupted 300° views. The interior embraces the essence of contemporary tropical design by integrating the natural jungle and ocean surroundings with the modern comforts of luxury living.

Featuring contemporary tropical interiors with signature terra cotta exteriors, each villa is designed to feel like a private home, incorporating the finest bed linens and traditional handcrafted furnishings. To offer a chilled-out and party atmosphere when the mood calls, all villas and surrounding common areas have high-quality surround sound entertainment systems and iPods preloaded by in-house music curators.

Sri panwa is a family-owned and managed estate. It is the first resort by one of Thailand's most established developers, the Charn Issara Group, who are known for developing some of Thailand's well-known landmarks, both residential and commercial. It is the group's first estate that is run and managed by Songkran Issara's son, Vorasit "Wan" Issara, along with his young and energetic team.

Sri panwa's restaurant concept, Baba, has eight locations within the resort. Baba Soul Food offers an intimate Thai dining experience with stunning sunset views. The second restaurant is a 5,000sqm entertainment outlet called Baba Poolclub, which features an extensive menu selection offering a wide range of Italian, BBQ, delicious Thai and hot pot cuisine. Guests can also start their day at Baba Poolclub with an elaborate breakfast, including freshly cooked egg dishes from our culinary team. Baba Nest, located high in the sky, is the ultimate space for sunset cocktails, with views that have seen the bar make best-of lists all over the world. Enjoy Japanese delights and drinks to pair at Baba IKI, which includes expertly made Japanese-style omakase. Enjoy an à la carte menu of mouth-watering selections at Baba Hot Box, which is always ready for action with grilled selections of meat and fish in various combinations prepared on our JOSPER Grill from Spain. Baba Chino serves up much-loved Chinese dishes with an addition of Sri panwa creativity and flair. New addition includes Baba Soul Café, an espresso lover's dream, and TU Bar, a sister to Baba Nets. Across every outlet, sit back and enjoy flavours you will never forget, Baba style.

Baba Poolclub also features a 25-meter infinity-edge lap pool, game room, a restaurant and bar to quench your thirst day and night, and creative meeting and function spaces. Baba88 Disco is located in the belly of the building, just steps from the bar. You never know when a party will start, but they always seem to happen without notice at Sri panwa.

At the heart of Sri panwa is an enclave of 20 Pool Suites and 10 Penthouses offering all the modern comforts of luxury living. The Habita has an impressively designed roof in the shape of a leaf that blends in with the natural surroundings and features two dining venues: Baba Chino, Baba Hot Box, and a forest waterfall pool.

Sri Panwa's newly opened Yaya complex is remixing meetings, conferences, exhibitions, weddings and grand events in a dream-come-true destination event complex for a truly paradisiacal large and small event experience for friends, family, colleagues and business professionals alike. Finish off an event with a social affair at TU Bar on the roof, and tuck in for the night in any one of the building's 24 Pool Suites.

If you are looking for a relaxing escapade, Sri panwa also offers the tranquil Cool Spa retreat for indulgent pampering. The luxury spa menu includes holistic varieties from traditional Thai massages to facials, manicures and pedicures, invigorating body wraps, water therapy, aromatherapy, reflexology, yoga, cleansing and exfoliation. The spa menu includes romantic pampering for couples and relaxing in-villa treatments upon request.

Recreational facilities within the resort include a gym, tennis court, Beach Pool and steam rooms. Stroll down from the Beach Pool to a secluded beach and find a selection of water sports, year-round yachting activities, sun loungers and a pier to dive from or soak up some sun.

Excursions from Sri panwa are tailored according to the guest's wishes. They include private yachting, speedboat excursions to the outlying islands (Racha, Coral and Lone Island), Phuket town, night markets, nightlife, safari adventures, sea canoeing, fishing, elephant trekking and plenty more.

Golfing can be arranged at any of the island's seven golf clubs, with the closest being Red Mountain, Phuket Country Club and Loch Palm, all just 20 minutes away.

Among numerous accolades, Sri panwa has been described as...

## VORASIT WAN ISSARA

Vorasit Issara, more commonly known by his nickname Wan, is the Managing Director and face of Sri panwa. Sri panwa is a family-owned and managed estate developed by one of Thailand's most established developers, the Charn Issara Group, which takes its name from Wan's grandfather, Charn Issara. The company is well known for its various establishments, developing some of Thailand's most recognized residential and commercial landmarks.

Wan's family had given him the responsibility to set up and manage Sri panwa in 2005 when it was merely just the construction of a few Pool Villas. His vision was to set the next benchmark of luxury villa residences in Phuket. He had been tasked with creating and overseeing the company's luxury estate, which he approached with considerable passion, overseeing all aspects of the estate, including day-to-day operations, marketing, business development and sales of the estate's luxury private villas.

Wan was schooled in the UK from the age of nine and went on to pursue his first degree in Business Management at Florida International University. As a University student, he also worked as a promoter in various nightclubs and famous hotspots. Thereafter, Wan gained his knowledge and skills in the hotel industry as a graduate of the DCT International School of Hotel & Business Management in Switzerland. He received an Honorary Master of International Business Degree in Hospitality and Tourism Management from Cesar Ritz Colleges, Switzerland in 2015.

Wan chose to train at the very traditional countryside estate hotel owned and operated by legendary hotelier Robert H. Burns, Grand Hotel a Villa Feltrinelli and the Mandarin Oriental Bangkok so that he could understand "what really makes a luxury hotel."

*"On my travels, I was always interested in hotels with cool, hip designs, such as the Delano, Shore Club in Miami or Dylan, Amsterdam,"* says Wan.

But when he did his training, Wan chose to do it at the very traditional countryside estate hotel owned and operated by legendary hotelier Robert H. Burns, Grand Hotel a Villa Feltrinelli and the Mandarin Oriental Bangkok

*"I already knew what I liked in terms of contemporary design, but I wanted to learn five-star service because that is what really makes a luxury hotel,"* says Wan.

Today, Wan believes that luxury also means being a team player and being personable - his staff and his guests contribute to the luxury status of his many projects. His interests range from boutique hotels, design, DJ, music, cooking, market research, driving, travelling and yachting.

.....

*"The young dynamo has brought all his finesse to bear at Sri panwa &, cleverly, has staffed the hotel with like minded young people, many of them his friends from childhood & the Swiss hotel school. Wan believes in the importance of being a real team player & being personable. The upshot is that this is no stuffy establishment hotel. The vibe is more private get-together, an insiders' club run by Wan & his hip young team, all of whom appear to share his vision, energy & love of a good time. You get the distinct impression his staff are working with him rather than for him, so service seems unforced & always friendly.*

*Wan & his team personify the classic Thai character trait of "sanook", described in a tourist brochure I read as "the essence of fun" & said to be a guiding principle on the island. I'd have to agree with that - I have more fun in five days on Phuket than I normally do in a month."*

- Kendall Hill for Australian Gourmet Traveller (September 2009)
